

Process Enabling SharePoint Knowledge Sharing Workshop

Join Sword and its partners Microsoft and Global 360 alongside our guests from Nationwide Building Society for a free interactive workshop to understand how you too can leverage your Microsoft SharePoint investment to improve efficiency, reduce costs & support compliance in the insurance sector through process enablement.

- **Microsoft's Insurance Industry Manager** will set the scene for the event by discussing the impact of Solvency II, and how Microsoft technologies may assist with this directive, notably Pillars 2 and 3.
- **Global 360**, the world's leading Business Process Management specialists will provide a live demonstration of their Persona Driven Process Enablement of Microsoft SharePoint.
- **Nationwide Building Society** will share experiences of their recent deployment of Global 360 in their SharePoint environment and will outline the business benefits gained from the investment.
- **Sword's SharePoint** specialists will be on hand to share their knowledge and experiences of Microsoft SharePoint and their Insurance sector expertise.

Aimed at business and technology professionals primarily in the insurance sector this event provides a great opportunity to participate and network with Microsoft experts, Process Enablement specialists and the leading ECM systems integrator as well as hear from a real life client success story in a relaxed and informal environment.
