

New Public Sector Contracts in Switzerland: CHF50m+

Historically established in French-speaking Switzerland, Sword Switzerland is now **strengthening** its collaborations with the **public sector**, both in French and German-speaking regions.

In French-speaking Switzerland, **Sword** has been **supporting major institutions** for over 20 years, including the **State of Geneva**, the **State of Vaud**, and the **Cities of Lausanne** and **Geneva**.

Building on this **relationship of trust**, **Sword** has recently **signed new four-year contracts** with **public authorities** in **Vaud**, amounting to more than **CHF50 million**.

These **long-term commitments** focus on the **development of high value-added projects** and **Application Management Services (AMS)**.

This **momentum** is now **extending** to **German-speaking Switzerland**, where **Sword** has been **awarded projects** with the **Canton of Zurich**, **ETH Zurich**, and the **City of Bern**.

As a **strong signal of this expansion**, these **new clients** mark the **beginning of a strategic foothold** in the **German-speaking region**, further supported by the recent acquisition of **Incor** in Bern.
